### **RULES FOR PROJECT WORK (Geography):**

- 1) The topic should cover about 12- 15 pages for Std. X and appropriately for the other classes.
- 2) The project maybe artistic, but simple and definitely not expensive.
- 3) Mutilation of books and expensive magazines is an absolute NO.
- 4) Avoid using too many colours.
- 5) Each sub heading should be on a new page.
- 6) Every heading should be in a bold but simple font so the examiner can read.
- 7) Preferably all the headings should be in the same colour.
- 8) The colour should not be too striking- sober colours should be used.
- 9) The written matter should be in blue or black ink.
- 10) Important points maybe highlighted but in a sober colour. If a highlighter is being used, yellow or light blue are good colours. Otherwise even underlining the important points with a pen is enough.
- 11) **No using red and green** anywhere in the project as they are the ICSE correction colours.
- 12) There should not be any scratches or use of whiteners as the matter is copied after doing the necessary research work.
- 13) Every page should have enough written matter. Just writing about 6-8 lines is not acceptable.
- 14) The project should be well illustrated. Every blank page should have pictures.
- 15) The pictures should be clear and not blurred.
- 16) Every picture should have a caption in block letters. A few lines (literature) may also be penned down to explain a picture if it is not already mentioned on the ruled side.
- 17) The pictures should match with what is mentioned on the ruled side.
- 18) Every blank page should have a border.
- 19) In case there is some space left on the ruled page, a picture may also be stuck there.
- 20) The children can make an attractive cover page with the name, class, roll number and name of the topic on it.
- 21) The first page should be the **Contents** page, followed by the **Introduction**.
- 22) Then the students can start with the actual matter.
- 23) The last two pages should be **Acknowledgement** (optional) and **Bibliography**. There is no need for a conclusion as it will be a repetition of the Introduction.
- 24) The Bibliography should not have the names of the prescribed text book used by the students as it means research work.
